

## ATHNA Vaccinator Clearinghouse

### National Opportunities

On this page ATHNA provides resources for connecting with nation-wide vaccination opportunities. For state-specific employers and organizations, please go to our **State** page and members who wish to post their interest and availability should go to the **Vaccinators** page.

*FEMA is assisting state and local governments to provide Covid-19 vaccinations across the country. Nurses can learn of opportunities to join in this effort by contacting these FEMA recommended resources:*

#### FEMA Recommended Resources

##### Vaccines

To find information on how to volunteer to support vaccine efforts in your area, contact your [local, state, tribal or territorial health department](#). You can also learn how vaccines are being administered by [reviewing the CDC's toolkit](#).

##### Licensed Healthcare Professionals

Find information on eligibility, view credential levels by clinical competency and register with the [Emergency System for Advance Registration of Volunteer Health Professionals](#) in their state.

##### Medical Reserve Corps (MRC) Volunteers

Contact an [MRC unit](#) in your area to help your communities with call centers, drive through clinics and more.

##### Other Volunteers

Contact an [MRC unit](#) in your area to help your communities with call centers, drive through clinics and more.

## Private Sector

- CVS Pharmacies are hiring vaccinators in states where they operate. Members can sign up to learn of local positions at [careers@cvshealth.com](mailto:careers@cvshealth.com)
- Premise Health operates over 4000 contract sites in the U.S. Members can seek vaccination positions with this company by contacting them at [askhr@premisehealth.com](mailto:askhr@premisehealth.com)
